

CODE 8

REQUEST TO SELLER FOR INSPECTION DATA

Seller's Product Data: For articles not of Buyer's design, Seller shall provide to Buyer, upon receipt of this purchase contract, or in any event prior to delivery of the articles, five copies of drawings, catalog pages, brochures, etc., which will provide information, including allowable tolerances, sufficient to enable Buyer to verify form, and function of articles ordered. Examples of information required are provided on the following pages. (In the event changes are made subsequent to the initial submittal or inspection data, like quantities of the revised data applicable to the new configuration shall be furnished prior to the initial shipment of articles). Seller shall identify data submittals to this purchase contract number.

Inspection data and changes thereto shall be submitted to:

Pratt & Whitney, Rocketdyne, Inc. (PWR)
6633 Canoga Avenue
P.O. Box 7922
Canoga Park, CA. 91309-7922
