

RC-8

SUPPLIER DESIGNED DRAWING REQUEST

For articles not of Buyer's design, Seller's data pack shall include a copy of the seller's drawing, catalog page, brochure etc., as applicable. This requirement applies to each and every shipment thus enabling The Boeing Company receiving inspection to verify supplier's design parameters such as: test requirements, material composition, and dimensional features. Exempt from this requirement is QPL procurements and hardware designed to industry standards.
