

RC-91
DELEGATION OF LABORATORY RESPONSIBILITY

- A. Seller shall be responsible for providing complete Certification data indicating conformance to Specification to the Materials Application Process at Mail Code BA69, Fax (818) 586-7204 in advance of shipment of hardware.
- B. Seller shall be responsible for having laboratory work as defined by R6938 performed for Acceptance Testing. This work shall only be delegated to The Boeing Company Approved Laboratories designated in MPTB 15-007. This responsibility may not be further delegated to any sub-tier suppliers.
- C. Unique identifying information must be provided along with the necessary test samples to the laboratory and, as a minimum, shall include Buyer's Purchase Contract Number, Lot, Batch, and/or Heat codes, and Part Number(s) with quantities.
- D. Upon completion of the laboratory work, Seller shall request written documentation of results and shall instruct the laboratory to submit a copy to Buyer, or otherwise ensure that a copy of the test results be forwarded to Buyer's Materials Application Process at mail code BA69, Fax (818) 586-7204. All test results, regardless of whether Passing or Failing, shall be submitted to Buyer.
- E. Seller shall not ship hardware covered by this Purchase Contract until receipt of a laboratory test report number from Buyer.
- F. Seller shall provide a complete certification data package with each shipment.
