Q271 – AS9102 First Article Inspection Requirement with Aerospace Supplier Quality Requirement (ASQR-08.2) and Buyer Source Inspection

First Article Inspection (FAI) shall be performed by the Seller in accordance with the specification requirements of AS9102 and ASQR-08.2, along with Buyer Source Inspection personnel.

When documenting the FAI, the Seller may use the forms contained within AS9102 or their equivalent so long as the forms contain all the information required by AS9102 and ASQR-08.2.

Seller will include a copy of the FAI report with the shipment of deliverable product.
