Attention: Paul Fowler, Director of Supplier Management & Procurement

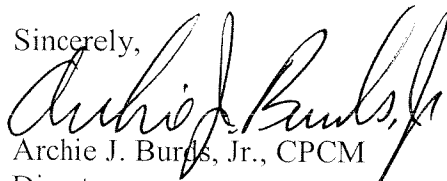

Subject: Notice of Acquisition of and Name Change

Dear Sir/Madam,

In August 2005, United Technologies Corporation (UTC), Pratt & Whitney (P&W), the corporate parent of Pratt & Whitney Space Propulsion acquired the Rocketdyne Propulsion & Power business unit of The Boeing Company. This business unit has been legally renamed "Pratt & Whitney Rocketdyne, Inc." and is now under common management with the former Pratt & Whitney Space Propulsion operations in Florida. Both units now do business under the name "Pratt & Whitney Rocketdyne" within the Pratt & Whitney family of companies.

Please do not hesitate to contact me at (818) 586-0455 should you have any questions regarding this matter.

Sincerely,

Archie J. Burds, Jr., CPCM

Director
